Dear John

RE: BRIDGE HOUSE CARE HOME, EBBW VALE

Now that the extension to Bridge House is finally finished and is occupied with residents, I can relax at last.

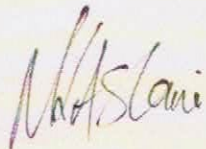

What started off as straightforward building contract deteriorated rapidly for several reasons which I do not need to repeat. Thanks to your intervention, when I extended your appointment from initially being structural engineer to taking over as Contract Administrator and Project Manager, everything became a lot better.

Without your help I suspect the building would still not be finished. I personally want to thank you for the considerable time and effort you put into the job.

As you know, I am keen to open another care home in the area and I am in discussions for the purchase of a suitable building. I will not hesitate to ask you to be my Design and Project Manager on the new scheme, this time from the beginning of the job.

Thank you very much.

Yours sincerely

NANJI PARBAT
